Look at the Chart Below

and see how the difference in time favors the Afternoon Newspaper in giving news of

The European War

When it is 1 o'clock in Albuquerque it is 80'clock in London, 8:00 in Paris, 8:54 in Berlin, 9:06 in Vienna, and 10 o'clock in Petrograd (St. Petersburg.)

Thus you will see that several hours before the evening Herald goes to press night has put a stop to the fighting in Europe and The Evening Herald is thus able to give each night the war news of that

Train service is also favorable to The Evening Herald, as it reaches many parts of the state ahead of any other paper.

The Evening Herald is fifty cents per month, or \$5.00 per year if paid in advance, by mail or carrier. Try it a month and you will be pleased with its news service.
